

Casey Sears II,

4-9-20

I spoke with ashleigh and she told

me you was working on my motions,

For my speedy Trial Violation. After you finish rewriting The motion please send me a copy Before you file it. so I can review it.

Jed arnd came to see me about my state charges. he said I have a Jury Trial April 20 2020

IF The Courts have opened Back up. he is

Supposed to call you. I told him that

Unless They dismiss my charges. Then Trial

would have to wait until my Federal Charge

was resolved. I'm guessing The Trial will be

put off Because of COVID-19. so IF you could

please Drop off my motion of Discovery so

I can view it There are several people in

my pod That's on my case and their motions

have been dropped off. and I've been told

By another Inmate that his lawyer (Jonathan Cave)

said he's tried to argue The Sentence Disparity

and That lasted about 20 seconds, and seen

another plea and his state Time is being run

concurrent with his ~~state~~ Time he will be

receiving in Federal court. so I'm not

going to take a chance at sentencing to argue

The motions Following a plea agreement.

everything Needs To be argued at Trial
That way I keep all my rights and

2255 motions. I Need To see The grand Jury
Testimony along with my Discovery

From kim Drake and ashley Firestone
Since Both have Been charged with mixture
There IS No way I can be charged with
actual Methamphetamine especially when There
Is No labs on me. please let me know
